TRANSFER PROGRAM

The transfer program is designed for students planning to enter professions requiring a bachelor's degree. During their time at Cloud, students work toward completing the Associate of Arts or the Associate of Science degree. These degrees contain required General Education courses as well as several credit hours of electives which, with the aid of an Academic Advisor, may be selected to fulfill course needs in the student's desired major at a four-year college or university. Transfer materials for regional colleges and universities are available in the Advisement Center to assist students and advisors with course selection.

Selecting a transfer Associate's degree allows students to complete freshman and sophomore-level courses that will prepare them to pursue majors in the following areas at a technical college or four-year university.

Agriculture
Ag Production & Services
Pre-Veterinary Medicine
Anthropology
Architecture
Art
Business
Counseling
Communications
English
Speech/Theatre
Journalism/Mass Communications
Education - Teacher Licensure
Early Childhood
Elementary
Physical Education K-12
Secondary

Science
Biology
Chemistry
Physical Science
Physics
Social Science
Social Work
Sociology

Many courses are also offered online. For more information, go to www.cloud.edu, and click on "Online Classes" under the Academics tab.

CAREER PROGRAMS

The career program is for students who want to enter the workforce after obtaining an associate degree. An Associate of Applied Science degree is awarded after completion of a minimum of 62 hours in a departmentally approved program, and 124 grade points. This degree allows students flexibility in selected courses applicable to their needs. Of the hours required, a minimum of 18 hours must be General Education courses. Certificates are also available in the career programs. Many of the courses are available to take online. For more information, go to www.cloud.edu, and click on the "Online Classes" under the Academics tab for an overview of enrollment procedures.

COURSE TRANSFER

COURSE TRANSFER

The Kansas Board of Regents has now approved a list of courses for guaranteed transfer among all Kansas public post-secondary institutions. A student who completes these courses at any Kansas public community college, technical college, or university can be certain that he or she can transfer that course to any other public institution in Kansas in pursuit of a degree or credential.

A list of the courses approved for the statewide guaranteed transfer may be found at www.kansasregents.org/transfer_articulation. Additional courses are added annually.

status and which courses are needed to finish the related degree. Students who then complete the coursework for a given associate degree will be eligible to receive that degree, administered automatically by correspondence between the new institution and the university, community college or technical college the student last attended.

Visit http://www.kansasregents.org/transfer_articulation for more information.

UNDECLARED EMPHASIS

Students uncertain about future goals may want to enter the undeclared degree program. Many students enroll in this program the first year of college until a definite goal has been established. Students planning to transfer should declare a transfer institution. This program provides students with an opportunity to take introductory courses in several areas of interest.

CURRICULUM GUIDES

The curriculum guides that follow in this catalog are only guides. The general core electives may be rearranged from one semester to another as long as the required electives are completed for the degree sought. Although sixty-two hours are the minimum required for an Associate Degree, actual credits earned will vary dependent upon course selections. Degree requirements and core electives can be found elsewhere in this catalog. Each transfer university accepts different courses to fulfill requirements. Students should check with the Advisement Center before enrolling in courses.

REVERSE TRANSFER

REVERSE TRANSFER

Students who transfer to a Kansas public university from a Kansas public community college or technical college (or vice versa) are eligible for Reverse Transfer, which allows for the attainment of any associate degree for which one is eligible along the way to additional certificates and degrees. Within a student's first semester, those who transfer coursework from a public university, community college or technical college will be notified if they are eligible to be considered for reverse transfer degree
