Division: Humanities | Department: Fine Arts

Areas of Success: Overall student learning was good to adequate. All areas within the department reported planned changes in instruction to deal with areas of concern.

Areas of Concern: Attendance was the number one area of concern. All areas of the department have strategies in place to attempt to minimize poor attendance but there seems to be a significant percentage of students who just won’t come to school.

Impact Issues: Attendance

Resources Needed: Art has had a projector and document camera installed so that is no longer an issue. Music continues to suffer from excess noise from the HVAC system and a mold and dampness problem. Art is continuing to slowly replace potter’s wheels.
