## Management's Discussion and Analysis

## Introduction:

The following discussion and analysis of the financial performance and activity of Cloud County Community College (the College) is to provide an introduction to and an understanding of the basic financial statements of the College for the year ended June 30, 2016 with selected comparative information for the year ended June 30, 2015. This discussion focuses on the current activities, resulting changes, and currently known facts. This discussion should be read in conjunction with the College's basic financial statements and the footnotes to those financial statements. The College is solely responsible for the completeness of this information. A separate audit is issued for the Cloud County Community College Foundation and is available for review at 2221 Campus Drive, Concordia, Kansas.

## Using the Annual Report:

The audit is conducted in accordance with auditing standards applicable to financial audits contained in Government Auditing standards, specifically GASB 34/35, issued by the Comptroller of the United States. The purpose of GASB 34/35 is to make the financial statement presentation of public entities more closely resemble or emulate that of nonpublic for-profit enterprises. The hope is that it will "enhance the understandability of the general purpose external financial reports." To that end the annual financial report will include basic financial statements and required supplementary information.

## Basic financial statements are comprised of two parts:

1. Basic Financial Statements - These include Statement of Net Position; Statement of Revenues, Expenses, and Changes in Net Position; Statement of Cash Flows. These statements present the results on a single measurement focus and basis of accounting.
2. The Notes to the Basic Financial Statements are an integral and essential portion of the financial statements.

## Required Supplementary Information:

Management's Discussion and Analysis (M D \& A) - This is information that is required by standards to be presented, but is not part of the basic financial statements.

## Highlights to the Financial Statements:

The College experienced a decrease ( $-4.21 \%$ ) in credit hour enrollment in 2016 compared to 2015. County appropriations increased because of increased assessed valuation; the mill levy remained flat. This amounted to an increase of $\$ 236,245$. State of Kansas Operating Grant appropriations were fully funded for the 2016 FY which resulted in an increase of $\$ 88,565$ from 2015. However, the Technical Education Funding through SB 155 decreased by $\$ 269,262$. The College experienced an increase in Sales and Services of Auxiliary Enterprises despite enrollment declines. At year end, the College's assets exceeded its liabilities by $\$ 14,808,189$ compared to the June 30, 2015 amount of $\$ 14,206,626$. Of this amount, $\$ 6,415,944$ is classified as unrestricted net position
compared to $\$ 5,993,304$ in 2015 . The unrestricted net position may be used to meet the College's ongoing obligations and increased by $\$ 422,640$ in fiscal year 2016. The increase in the unrestricted net position is from a combination of an increase in Cash and Cash Equivalents and also a decrease in Deferred Revenue and Noncurrent liabilities such as Revenue Bonds Payable, Notes Payable and Capital Lease Payable. The decrease in Noncurrent Liabilities is due to the ongoing bond and lease payments.

## Statement of Net Position

The combined statement of net position presents the assets, liabilities, and net position of the College at June 30, 2016. The purpose of the combined statements of net position is to present the financial condition of the College.

The assets and liabilities are categorized between current and noncurrent. The difference is that current assets and current liabilities become receivable or payable within the normal 12-month accounting cycle, whereas noncurrent assets and liabilities become receivable or payable after 12 months.

## Comparison of Assets - Fiscal Year 2015 to 2016

Net Position is presented in three major categories. The first is invested in capital assets, net of related debt, which represents the College's equity in its property, plant, and equipment. The second is restricted and the third is unrestricted. Net position increased during the current fiscal year from $\$ 14,206,626$ to $\$ 14,808,189$ for a total increase of \$601,563.

Net Position for 2016 Compared to 2015

The College's current assets consist primarily of cash, accounts receivables and inventories; while noncurrent assets consist mainly of capital assets. The College's
current assets in 2016 were $\$ 8,472,699$ compared to $\$ 8,205,390$ in 2015. This reflects an increase in current assets from 2015 to 2016 of $\$ 267,309$. Total breakdown of assets between current and noncurrent classifications follows:

Current and Noncurrent Assets 2016 and 2015

## 2016 and 2015 Total Assets by Type

Of the $\$ 22,815,115$ in total assets, approximately $37.1 \%$ are in current assets. Noncurrent assets represent $62.9 \%$ of total assets. Total assets increased by \$85,467 in 2016.

## Comparison of Liabilities - Fiscal Year 2015 to 2016

The liabilities are categorized between current and noncurrent. For example, the College's current liabilities consist primarily of accounts payable, accrued liabilities, and deferred revenue. Current liabilities decreased by $\$ 252,093$ in 2016. The noncurrent liabilities portion is due to the College's 2011 Series Revenue Bonds, notes payable for a $0 \%$ interest deferred maintenance loan from the State of Kansas, and the Capital Lease Payable. The 2011 revenue bond was completed in February of 2011 and served the purpose of providing funding to build the Thunder Heights Residence life facility; the Capital Lease Payable was for the purchase and installation of equipment for the complete replacement of the existing HVAC system with a Geo-Thermal HVAC system and the purchase of a 2008 coach D4505 passenger bus in 2015. The total current liabilities of the College decreased $\$ 252,093$ or $18.2 \%$ for 2016 when compared to 2015. The current ratio of current assets to current liabilities still remains high at 7.5 to 1 . The breakdown of current liabilities and noncurrent is as follows:

|  | 2016 | \% Total 2016 | 2015 | \% Total 2015 |
| :--- | ---: | ---: | ---: | ---: |
| Current Liabilities | $1,130,209$ | $14.12 \%$ | $1,382,302$ | $16.22 \%$ |
| Noncurrent Liabilities | $6,876,716$ | $85.88 \%$ | $\mathbf{7 , 1 4 0 , 7 2 0}$ | $83.78 \%$ |
| Total Liabilities | $\mathbf{8 , 0 0 6 , 9 2 5}$ | $\mathbf{1 0 0 . 0 0 \%}$ | $\mathbf{8 , 5 2 3 , 0 2 2}$ | $100.00 \%$ |

## Comparison of Assets to Liabilities

In 2016 total assets increased by $\$ 85,467$ while total liabilities decreased by \$516,097. This represents a $.37 \%$ increase in total assets compared to a $6 \%$ decrease in total liabilities.

2016 \& 2015 Assets and Liabilities

## Combined Statements of Revenues, Expenses, and Changes in Net Position

The combined statement of revenues, expenses, and changes in net position presents the College's financial results for the fiscal year ending June 30, 2016. The statements include the College's revenue and expenses, both operating and non-operating.

Operating revenues and expenses are those for which the College directly exchanges goods and services. Non-operating revenues and expenses are those that exclude specific goods and services. Examples of non-operating revenues would be Cloud County property tax revenue and Kansas state aid; whereby local and state taxpayers do not directly receive goods and services from the College.

Cloud County Community College
Management's Discussion and Analysis
Fiscal year ended June 30, 2016

## Revenue

Components and sources of revenue:
Cloud County Community College receives revenue from five major sources. They are: The State of Kansas; Federal Government; students, in the form of tuition and fees; local taxpayers, by way of property taxes; and through business style auxiliary enterprises. These sources are relatively stable year after year as a percentage of the total.

| Student tuition and fees | $\$$ | $3,119,058$ |
| :--- | ---: | :---: |
| Federal grants and contracts | $3,030,003$ | $17.9 \%$ |
| State and local grants and contracts | 761,214 | $4.4 \%$ |
| Auxiliary enterprises and activity funds | $2,682,475$ | $15.4 \%$ |
| State appropriations | $4,428,230$ | $25.4 \%$ |
| Property taxes | $2,892,318$ | $16.6 \%$ |
| Other revenue | 509,501 | $2.9 \%$ |
| Total revenue | $17,422,799$ | $100.0 \%$ |

## 2016 Total Revenue Sources by Percentage

Cloud County Community College
Management's Discussion and Analysis
Fiscal year ended June 30, 2016

## Expenditures

The College incurs nine types of expenses including Instruction, Academic Support, Student Services, Institutional Support, Operations and Maintenance, Scholarships and Awards, Auxiliary Enterprises, Depreciation, and Debt Services. These expenses are relatively stable year over year as a percentage of the total. The following chart shows expenses by function for 2016 and expenses by percentage:

|  | 2016 | \% Total 2016 |
| :--- | ---: | ---: |
| Instruction | $\$ 7,664,038$ | $45.6 \%$ |
| Academic Support | 503,444 | $3.0 \%$ |
| Student Services | $1,696,543$ | $10.1 \%$ |
| Institutional Support | $2,248,459$ | $13.3 \%$ |
| Operations and Maintenance | 860,609 | $5.1 \%$ |
| Scholarships and Awards | 554,246 | $3.3 \%$ |
| Auxiliary Enterprises | $2,084,775$ | $12.4 \%$ |
| Depreciation | 974,663 | $5.8 \%$ |
| Debt Service | 234,458 | $1.4 \%$ |
| Total | $\$ 16,821,235$ | $100 \%$ |

## Statement of Cash Flows

The statement of cash flows presents detailed information about the cash activity of the College during the year. It helps assess the College's ability to generate net cash flows and to meet its obligations as they come due. The first section deals with operating cash flows and shows the net cash used by the operating activities of the College. The second section reflects cash flows from noncapital financing activities. This section reflects the cash received and spent for non-operating, non-investing, and noncapital financing purposes. The third section reflects the cash flows from capital and related financing activities. This sections deals with the cash used for the acquisition and construction of capital and related items. The fourth section deals with cash flows from investing activities and shows the interest received from investing activities. The fifth section reconciles the net cash used to the operating income or loss reflected on the Statement of Revenues, Expenses, and Changes in Net Position.

|  |  | $8,125,138$ | $\$$ | $8,699,494$ |

Cash Flows 2016 and 2015

## Summary of Overall Performance

Cloud County Community College's financial condition has essentially remained the same this fiscal year as compared to fiscal year 2015 with net position increasing in fiscal year 2016 by $\$ 601,564$ to a total of $\$ 14,808,189$. Total operating and non-operating revenues were $\$ 17,422,799$ while operating expenses were $\$ 16,821,235$. Current assets exceeded current liabilities by $\$ 7,342,489$. State of Kansas operating grant appropriation was fully funded in 2016 but the Technical Education Funding through SB 155 decreased by $\$ 269,262$. The College does anticipate a decrease of $4 \%$ in State of Kansas appropriations in fiscal year 2017 with the possibility of an additional $5 \%$ decrease implemented during the year. Discussion of restructuring of the Technical Education model may have a negative impact on funding received for technical courses including those under SB 155 for FY 2017. Enrollment has remained flat mid-way into FY 2017. The College may need to seek alternative sources of operating and non-operating revenue which may include increases in tuition rates, short term use of auxiliary revenues, acquisition of grant funding, increase in local property taxes, and significant adjustment to operational expense allocations. The College has made recruitment and retention a high priority and continues to look for efficiencies in operations. The College also executed a 2 year contract with Dynamic Campus in January 2016 for IT support and consulting services. This resulted in a noticeable expenditure of $\$ 385,000$ from the Campus Housing Fund in FY 2016. This expenditure is expected to be $\$ 660,000$ in FY 2017.

## INDEPENDENT AUDITORS' REPORT

Board of Trustees
Cloud County Community College
Concordia, Kansas

## Report on the Financial Statements

We have audited the accompanying financial statements of Cloud County Community College, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Cloud County Community College's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Cloud County Community College, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i-x and schedule of funding progress on page 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Cloud County Community College's basic financial statements. The supplementary information, as listed in the table of content as pages 33 to 54 , are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The supplementary information and the schedule of expenditures of federal award are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The fiscal year ended June 30, 2015 actual column presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget (Schedules 4 to 10 as listed in the table of contents) is also presented for comparative analysis and is not a required part of the June 30, 2016 basic financial statement upon which we rendered an unmodified opinion dated November 9, 2015. The June 30, 2015 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link http://admin.ks.gov/offices/chief-financial-officer/municipal-services. Such June 30, 2015 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the June 30, 2015 basic financial statement. The June 30, 2015 comparative information was subjected to the auditing procedures applied in the audit of the June 30, 2015 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the June 30, 2015 basic financial statement or to the June 30, 2015 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the June 30, 2015 comparative information is fairly stated in all material respects in relation to the

June 30, 2015 basic financial statement as a whole, on the basis of accounting described in Note 1.

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The schedule of required bond information (Schedule 12 as listed in the table of contents as page 55) is presented for purposes of additional analysis as required by bond agreements and is not a required part of the financial statement. Such information has not been subjected to the auditing procedures applied in the audit of the financial statement, and, accordingly, we express no opinion on it

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 12, 2016, on our consideration of Cloud County Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Cloud County Community College's internal control over financial reporting and compliance.

# CLOUD COUNTY COMMUNITY COLLEGE 

Concordia, Kansas

Notes to the Financial Statements
For the Year Ended June 30, 2016

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Cloud County Community College, Concordia, Kansas, have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the principal standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the College's accounting policies follow.

## Reporting Entity

The financial reporting entity consist of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete.

## Component Unit

The component unit section of the financial statements includes the financial data of the discretely presented component unit, the Cloud County Community College Foundation. The component unit is reported separately to emphasize that it is legally separate from the College. The economic resources received or held by the component unit are held almost entirely for the direct benefit of the College. The Cloud County Community College Foundation was formed to promote and foster the educational purposes of the College, and to create a fund to be used for any program, project or enterprise undertaken in the interest of the College. The Foundation acts largely as a fundraising organization, soliciting, receiving, managing and disbursing contributions on behalf of the College. Most of the contributions received are designated by the donors to be used for specific purposes or by specific departments. In these instances, the Foundation serves essentially as a conduit. Contributions that are not designated are used where the need is considered greatest, as determined by the Foundation board of directors. The Foundation can sue and be sued, and can buy, sell, or lease real property. The Foundation's financial statements should be included with the College's financial statements. Separate audited financial statements are prepared and are available at the Foundation, and can be requested from the College's controller. The Foundation is considered a component unit.

The College's component unit is a private not-for-profit organization that reports under FASB standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the component unit's financial information in the College's financial report for these differences. The component unit's financial data has, however, been aggregated into like categories for presentation purposes.

## Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Cash and Cash Equivalents

For purposes of the statement of cash flows, the College considers all highly liquid investments with an original maturity date of three months or less to be cash equivalents.

## Investments

The College accounts for its investments at fair value. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position.

## Accounts Receivable and Deferred Revenue

Accounts receivable consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty and staff, the majority of each residing in the State of Kansas. Accounts receivable also includes amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grant and contracts. Accounts receivable also include taxes in process of collection for property taxes assessed and collected for the calendar year ending December 31, 2015.

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1st of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20th during the year levied with the balance to be paid on or before May 10th of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1st of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. Property taxes levied in December 2015 are recorded as taxes receivable. Approximately $4 \%$ to $10 \%$ of these taxes are normally distributed after June 30, 2016, and are presented as accounts receivable-taxes in process and deferred revenue to indicate that they are not appropriable. It is not practicable to apportion delinquent taxes held by the County Treasurer at the end of the year and, further, the amounts thereof are not material in relationship to the financial statements taken as a whole.

## Inventories

Inventories consist of books and supplies held for resale in the bookstore and are valued at cost, using the first-in, first-out method (FIFO).

## Noncurrent Cash and Cash Equivalents

Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other noncurrent assets, are classified as noncurrent assets in the statement of net position.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Capital Assets

Capital assets are stated at cost at the date of acquisition, or fair value at the date of donation in the case of gifts. For equipment, the College's capitalization policy includes all items with a unit cost of $\$ 1,000.00$ or more, and an estimated useful life of greater than one year. Renovations to building, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is provided on straight-line method over the estimated useful lives of the respective classes of property. Estimated useful lives are as follows:

| Buildings | 35 Years |
| :--- | ---: |
| Building Improvements | 20 Years |
| Furniture | 10 Years |
| Vehicles | $5-7$ Years |
| Equipment, including computers | $3-7$ Years |

## Accounts Receivable and Allowance for Doubtful Accounts

The College regularly extends unsecured credit to various students. The College uses the allowance method to account for uncollectible accounts receivable.

## Compensated Absences

Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued vacation payable in the statement of net position, and a component of compensation and benefit expense in the statement of revenues, expenses, and changes in net position.

## Noncurrent Liabilities

Noncurrent liabilities include (1) principal amounts of revenue bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year; or (3) other liabilities that although payable within one year, are to be paid from funds that are classified as noncurrent assets.

## Net Position

The College's net position is classified as follows:

Invested in Capital Assets, Net of Related Debt: This represents the College's total investment in capital assets, net of accumulated depreciation, and outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of investment in capital assets, net of related debt.

Restricted Net Position - Expendable: Restricted expendable net position includes resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted Net Position - Nonexpendable: Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position (Continued)

Unrestricted Net Position: Unrestricted net position represents resources derived from student tuition and fees, state appropriations and sales and services of educational departments and auxiliary enterprises. These resources are used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense towards restricted resources, and then towards unrestricted resources.

## Income Taxes

The College, as a political subdivision of the State of Kansas, is excluded from Federal income taxes under Section $115(1)$ of the Internal Revenue Code, as amended. The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Classification of Revenues
The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales of services of auxiliary enterprises, net of scholarship discounts and allowances, and (3) most Federal, state and local grants and contracts, and Federal appropriations.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities that use Proprietary Fund Accounting, and GASB No. 34, such as state appropriations and investment income.

## Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge and the goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or nongovernmental programs, are recorded as either operating or nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

## Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Bond Issuance Cost
Costs relating to obtaining bond financing are capitalized and amortized over the term of the related debt using the straight-line method.

Pension Plan
Substantially all full-time College employees are members of the State of Kansas Public Employees Retirement System which is a multi-employer state-wide pension plan. The College's policy is to fund all pension costs accrued; such costs to be funded are actuarially determined annually by the State.

## Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for current funds - unrestricted and plant funds (unless specifically exempted by statute). Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding fiscal year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for Current Funds - Restricted and Agency Funds.
Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

## 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

## Compliance with Bond Covenants

The bond resolution to issue the Student Union and Dormitory System Refunding and Improvement Revenue Bonds contains the following requirements:

1. All income from operation of the Revenue Fund are to be placed in the Revenue Fund.
2. Disbursements from the Revenue Fund are required as follows:
(a) Monthly transfers to the Debt Service Account not less than $1 / 6$ th of the next revenue bond interest.
(b) Monthly transfers to the Debt Service Account not less than $1 / 12$ th of the next revenue bond principal.
(c) A balance in an amount equal to the lesser of $10 \%$ of the original principal amounts of the bonds or one times the maximum future debt service requirements of the bonds or $125 \%$ of the average annual debt service requirements of the bonds is to be maintained in the Debt Service Reserve Fund
(d) On June 30th each year, after meeting all requirements of (a) through (c) above, all remaining money in the Dormitory and Student Union Account shall be paid to the Surplus Account. This fund may pay costs of operation, maintenance, repair, improvements or redeem the revenue bonds prior to their normal maturity.
(e) The College agrees to maintain rental rates, fees and charges for the use of buildings and facilities, which will be sufficient to have each fiscal year a net operating revenue of at least $125 \%$ of the annual requirement for principal and interest requirements of the current fiscal year of the Dormitory Revenue Bonds.

For the fiscal year ended June 30, 2016, the College met the gross operating income covenant, as follows:
Increase (Decrease) in Net Position
(Page 50 Campus Housing column)
Net Transfers
Debt Service
Capital Outlay
Net Income as defined by Bond Agreements

Required $125 \%$ of the preceding year principle and interest

| $\$$ | $15,518.88$ |
| ---: | ---: |
|  | $255,838.05$ |
| $94,287.16$ |  |
|  | $56,087.45$ |
| $\$ \quad 421,731.54$ |  |

$\$ \quad 409,996.88$

During the fiscal year ended June 30, 2016, all of the transfers required by \#2 above, were made. At June 30, 2016, the bond reserves had the following balances:

|  |  |  | REQUIRED |
| :--- | :--- | :--- | :--- |
|  |  |  |  |
| Debt Service Account | $\$ 197,853.33$ | $\$ 197,853.33$ |  |
| Dormitory Bond Reserve Account | $330,775.00$ |  | $330,775.00$ |

## Compliance with Kansas Statutes

Supplementary Schedules 4 to 10 have been prepared in order to show compliance with the cash basis and budget laws of Kansas. Based upon these schedules, the College was in apparent compliance with the cash basis and budget laws of the State of Kansas.

## 3. DEPOSITS

## Primary Institution

K.S.A 9-1401 establishes the depositories which may be used by the College. The statute requires banks eligible to hold the College's funds have a main branch or branch bank in the county in which the College is located and the bank provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The College has no other policies that would further limit interest rate risk.
K.S.A 12-1675 limits the College's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The College has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the Government may invest in any one issuer as long as the investments are adequately secured under K.S.A. 91402 and 9-1405.

Custodial credit risk - deposits. Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. State statutes require the College's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at June 30, 2016.

Deposits: At year-end, the College's carrying amount of deposits is $\$ 8,698,487.54$ and the bank balance was $\$ 8,918,027.00$. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, $\$ 297,654.84$ was covered by FDIC insurance and $\$ 8,620,372.16$ was collateralized with pledged securities held by the pledging financial institutions' agents in the College's name.

## Component Unit

At year-end, the carrying amount of the Foundation's deposits were $\$ 3,511,512.32$. The bank balances were $\$ 3,514,493.30$. The bank balances were held by three banks resulting in a concentration of credit risk. Of the bank balances $\$ 102,618.58$ were covered by FDIC insurance and the remaining $\$ 3,411,874.72$ are held in a trust as cash and cash equivalents and considered self-securing at year-end.

## 4. INVESTMENTS

## Component Unit:

Investment Policies
The Foundation follows the Uniform Management of Institutional Funds Act of 1972 (UMIFA) and its own governing documents. UMIFA requires the historical dollar amount of a donorrestricted endowment fund to be preserved. In the absence of donor restrictions, the net appreciation on a donor-restricted endowment fund is spendable under UMIFA.

Under the terms of the Governing Documents, the Board of Directors has the ability to distribute so much of the corpus of any trust or separate gift, devise, bequest or fund as the Board in its sole discretion shall determine. As a result of the ability to distribute corpus, all contributions not classified as temporarily or permanently restricted are classified as unrestricted net assets for financial statement purposes.

## 4. INVESTMENTS (Continued)

The Primary objective of the Foundation's investment policy is to provide for long-term growth, a modest rate of return, and an average risk. The investment objective requires a disciplined and consistent management philosophy. The objectives do not call for a philosophy which represents extreme positions or opportunistic styles. The portfolio shall be diversified with cash, fixed income, and equity holdings.

The purpose of such diversification is to provide reasonable assurance that no single security or class of securities will have a disproportionate impact of the total portfolio.

Equity investments and other investments are recorded at fair values subject to comments on Investments under the summary of accounting practices.

Investments at June 30, 2016, are comprised of the following:

| Corporate Bonds <br>  <br> Mutual Funds | $\$ 1,391,583.80$ |
| :--- | ---: |
| Common Stock | $235,828.89$ |
| Total Investments | $3,357,549.00$ |

## 5. FAIR VALUE MEASUREMENTS

## Component Unit:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## 5. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016.

Corporate Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit rates.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock: Valued at the closing price reported on the New York Stock Exchange.

| June 30, 2016 |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | Level 1 | Level 2 |  | Level 3 | Total |
| Corporate Bonds | \$ | -- | \$ 1,391,583.80 | \$ | -- | \$ 1,391,583.80 |
| Mutual Funds |  | -- | 235,828.89 |  | -- | 235,828.89 |
| Common Stock |  | 3,357,549.00 | - - |  | -- | 3,357,549.00 |
| Totals |  | 3,357,549.00 | \$ 1,627,412.69 | \$ | -- | \$ 4,984,961.69 |

There were no significant transfers between level 1 and level 2 investments.

## 6. ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2016, consisted of the following:

The College uses the allowance method to account for uncollectible accounts receivable. Accounts receivable are presented net of an allowance for uncollectible accounts of $\$ 168,837.23$ at June 30, 2016.

## 7. INVENTORIES

Inventories consisted of the following at June 30, 2016 :

| Book Store Inventory |  |  |
| :--- | :--- | ---: |
| Textbooks | $\$$ | $226,075.71$ |
| Soft Goods and Supplies |  | $39,318.23$ |
| Total Bookstore Inventory | $\$ \quad 265,393.94$ |  |

8. UNCONDITIONAL PROMISES TO GIVE

Component Unit:
Unconditional promises to give at June 30, 2016 consist of the following:

| Phonathon | $\$$ | 614.00 |
| :--- | ---: | ---: |
| Fall Campaign | $8,264.44$ |  |
| Johnson Trust |  | $562,950.41$ |
|  |  |  |
|  | $\$ \quad 571,828.85$ |  |

Endowed funds:
Less than one year
One to five years
\$ 37,023.67
More than five years
Total unconditional promises to give
Less unamortized discounts
202,293.12
$1,234,712.50$
$(902,200.44)$
$\$ \quad 571,828.85$
Uncollectible amounts for unconditional promises to give are expected to be insignificant. Accordingly, no provision is made for uncollectible amounts. Long-term promises to give are recognized at fair value, using present value techniques and a discount rate of $4.4 \%$ in for the year ended June 30, 2016.

## 9. CAPITAL ASSETS

Primary Institution:
Following are the changes in capital assets for the year ended June 30, 2016:

|  |  | $\begin{gathered} \text { Balance } \\ 06 / 30 / 2015 \\ \hline \end{gathered}$ | Additions |  | Retirements |  | $\begin{gathered} \text { Balance } \\ 06 / 30 / 2016 \end{gathered}$ |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Capital assets not being depreciated |  |  |  |  |  |  |  |  |
| Land | \$ | 425,086.00 | \$ | - | \$ | - | \$ | 425,086.00 |
| Construction in Progress |  | - |  | 25,322.00 |  | - |  | 25,322.00 |
| Total Capital Assets not being depreciated |  | 425,086.00 |  | 25,322.00 |  | - |  | 450,408.00 |
| Other Capital Assets |  |  |  |  |  |  |  |  |
| Buildings |  | 13,673,286.67 |  | 70,565.00 |  | - |  | 13,743,851.67 |

## 10. LONG-TERM DEBT

Primary Institution:
Long-term debt of the College consists of the following as of June 30, 2016:

## Revenue Bonds:

2.500 to $5.125 \%$ Student Union and Dormitory System Refunding and Improvement revenue bonds issued 2010, maturing serially through September 1, 2029, Secured by dormitory gross revenues.

Notes Payable:
Kansas Board of Regents - PEI Infrastructure - One eighth of the Institution's total loan amount shall be repaid on or before December 1 in each year of the eight year amortization period of the Kansas Development Finance Authority revenue bonds Series 2008A.
\$ 3,260,000.00

Total Long-Term Debt
$\$ \quad 3,382,638.00$
The following is a summary of changes in long-term debt for the year ended June 30, 2016:

## 12. LEASE AGREEMENTS

The College has entered into a lease agreement with AFK Properties, LLC to lease buildings located at 1530 Lincoln Street, Concordia, Kansas. The agreement calls for rental payments in the amount of $\$ 1,720.00$ per month on a month to month basis. The total payments made under this lease agreement during the year ended June 30, 2016, was $\$ 20,640.00$.

The College has entered into a lease agreement with Geary County to lease buildings for outreach classes. The agreement is for 10 years, commencing June 1, 2012, and continuing through July 1, 2023. The agreement calls for rental payments in the amount of $\$ 3,945.00$ per month. Beginning July 1, 2013, and on each July 1 thereafter, in addition to the annual minimum rent payable, the College with also pay a Supplementary annual rent in the amount of $1 \%$ of the minimum rent paid for the preceding 12 month period, ending on June 30.The total payments made under this lease agreement during the year ended June 30, 2016, was $\$ 48,774.45$. Future minimum rental payments are as follows:

| $06 / 30 / 2017$ | $\$$ | $49,262.19$ |
| :--- | :--- | :--- |
| $06 / 30 / 2018$ |  | $49,754.82$ |
| $06 / 30 / 2019$ |  | $50,252.36$ |
| $06 / 30 / 2020$ |  | $50,754.89$ |
| $06 / 30 / 2021$ | $51,262.44$ |  |
| Thereafter | $51,775.06$ |  |

The College has entered into a lease agreement with Darrel and Margo Hosie to lease buildings located at 2015 Lincoln Street, Concordia, Kansas. The agreement is for 60 months, commencing August 15, 2012, and continuing through August 14, 2017. The agreement calls for rental payments in the amount of $\$ 2,075.00$ per month. The total payments made under this lease agreement during the year ended June 30, 2016, was $\$ 24,900.00$. Future minimum rental payments are as follows:

| $06 / 30 / 2017$ | $\$$ | $24,900.00$ |
| :--- | ---: | ---: |
| $06 / 30 / 2018$ |  | $2,075.00$ |

The College has entered into various other rental agreements for the rental of office equipment. Total rent payments made under these agreements during the year ended June 30, 2016, was $\$ 44,932.92$. Future minimum rental payments are as follows:

| $06 / 30 / 2017$ | $\$$ | $42,615.82$ |
| :--- | ---: | ---: |
| $06 / 30 / 2018$ |  | $4,519.56$ |
| $06 / 30 / 2019$ |  | $4,348.56$ |
| $06 / 30 / 2020$ |  | $4,348.56$ |
| $06 / 30 / 2021$ |  | $3,261.42$ |

The College has entered into a lease agreement with Darrel and Margo Hosie to lease buildings located at 2015 Lincoln Street, Concordia, Kansas. The agreement is for 24 months, commencing January 1, 2015 and continuing through December 31, 2015. The agreement calls for rental payments in the amount of $\$ 16,020.00$ each quarter. The total payments made under this lease agreement during the year ended June 30, 2016, was $\$ 32,040.00$.

## 12. LEASE AGREEMENTS (Continued)

The College has entered into a lease agreement with Geary County, Kansas Public Building Commission to lease a building for the TRAC-7 Grant. The agreement is for 36 months, commencing October 1, 2015 and continuing through September 30, 2020, renewable annually thereafter. The agreement calls for rental payments in the amount of $\$ 55,000.00$ annually and semi-annual interest payments. The total payments made under this lease agreement during the year ended June 30, 2016, was $\$ 88,869.70$. Future minimum rental payments are as follows:

| $06 / 30 / 2017$ | $\$$ | $88,015.00$ |
| :--- | :---: | :---: |
| $06 / 30 / 2018$ |  | $87,052.50$ |
| $06 / 30 / 2019$ |  | $85,952.50$ |
| $06 / 30 / 2020$ |  | $84,715.00$ |

## 13. RESTRICTED NET POSITION - EXPENDABLE

Component Unit:
Restricted Net Position - Expendable consists of the following donations received and restricted to use at June 30, 2016:

| Cloud County Community College Activity Funds | $\$$ | $184,432.47$ |
| :--- | :--- | ---: |
| Continuing Scholarships and Special Awards | $134,004.64$ |  |
| Kathie E Johnson Trust Gift | $442,627.64$ |  |

14. RESTRICTED NET POSITION - NONEXPENDABLE

Changes in endowments as of June 30, 2016 are as follows:

Restricted Net Position, Beginning of Year

| Nonexpendable |  |
| ---: | ---: |
| $\$ \quad 6,981,533.08$ |  |
| $8,088.92$ |  |
|  |  |
|  | $3,000.00$ |

Reclassification from Unrestricted Net Position
Per Donors Request
3,000.00

Restricted Net Position, End of Year
$\$ \quad 6,992,622.00$

All endowment funds are considered to be permanently restricted. Therefore the spending policy does not allow for distribution of these funds. Investment income from these funds is considered to be unrestricted unless otherwise designated.

## 15. DEFINED BENEFIT PENSION PLAN

## Description of Pension Plan

The College participates in a cost-sharing multiple-employer pension plan (Pension Plan), as defined in Governmental Accounting Standards Board Statement No. 67, Financial Reporting for Pension Plans. The Pension Plan is administered by the Kansas Public Employees Retirement System (KPERS), a body corporate and an instrumentality of the State of Kansas. KPERS provides benefit provisions to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- Public employees, which includes:
- State/School employees
- Local employees
- Police and Firemen
- Judges

Substantially all public employees in Kansas are covered by the Pension Plan. Participation by local political subdivisions is optional, but irrevocable once elected. Those employees participating in the Pension Plan for the College are included in the State/School employee group.

KPERS issues a stand-alone comprehensive annual financial report, which is available on the KPERS website at www.kpers.org.

## Special Funding Situation

The employer contributions for the College, as defined in K.S.A. 74-4931 (2) and (3), are made by the State of Kansas on behalf of the College. Therefore, the College is considered to be in a special funding situation as defined by GASB Statement No. 68. Accordingly, the State is required to recognize its proportionate share of the net pension liability, deferred outflows of resources, deferred inflows of resources and expense for the pension plan attributable to the College. The College records revenue and pension expense in an amount equal to the expense recognized by the State on behalf of the College.

## Benefits

Benefits are established by statute and may only be changed by the General Assembly. Members with ten or more years of credited service, may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of service equal 85 .

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to $50 \%$ of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

## 15. DEFINED BENEFIT PENSION PLAN (Continued)

## Contributions

Member contributions are established by state law, and are paid by the employee according to the provisions of Section $414(\mathrm{~h})$ of the Internal Revenue Code. State law provides that the employer contribution rates are determined based on the results of an annual actuarial valuation. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is $1.0 \%$ of total payroll for the fiscal year ended June 30, 2015.

The actuarially determined employer contribution rates and the statutory contribution rates for school employees are $15.41 \%$ and $11.27 \%$, respectively. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6\% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members.

## Employer and Nonemployer Allocations

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer.

The individual employer allocation percentages for the pension amounts were based on the ratio of the employer and nonemployer contributions for the individual employer in relation to the total of all employer and nonemployer contributions of the group.

At June 30, 2015, the proportion recognized by the State of Kansas on behalf of the College was . $1387 \%$, which was a decrease of $.0005 \%$ from the proportion measured at June 30, 2014.

## 15. DEFINED BENEFIT PENSION PLAN (Continued)

Net Pension Liability
At June 30, 2015 and 2014, the proportionate share of the net pension liability recognized by the State of Kansas that was attributable to the College was $\$ 9,580,848.00$ and $\$ 8,891,995.00$, respectively.

## Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of December 31, 2014, which was rolled forward to June 30, 2015, using the following actuarial assumptions:

| Price inflation | $3.00 \%$ |
| :--- | :--- |
| Wage inflation | $4.00 \%$ |
| Salary increases, including wage increases | 4.00 to 16.00\%, including inflation |
| Long-term rate of return, net of investment | $8.00 \%$ |
| expense, and including price inflation | 8. |

Mortality rates were based on the RP-2000 Healthy Annuitant Mortality Table for Males and Females, with adjustments to better match actual experience. Separate tables apply for males and females as well as each group (State, School, Local, KP\&F and Judges).

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study conducted for three years ending December 31, 2012.

The long-term expected rate of return of pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the longterm expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015 are summarized in the following table:

| Asset Class | Long-Term <br> Target Allocation |  | Long-Term <br>  <br> Expected Real <br> Rate of Return |
| :--- | ---: | ---: | ---: |
| Global equity | $47.00 \%$ | $6.30 \%$ |  |
| Fixed income | 13.00 | 0.80 |  |
| Yield driven | 8.00 | 4.20 |  |
| Real return | 11.00 | 1.70 |  |
| Real estate | 11.00 | 5.40 |  |
| Alternatives | 8.00 | 9.40 |  |
| Short-term investments | 2.00 | $(0.50)$ |  |
| Total | $100.00 \%$ |  |  |
|  |  |  |  |

## 15. DEFINED BENEFIT PENSION PLAN (Continued)

## Discount Rate

The discount rate used to measure the total pension liability was $8.00 \%$. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from school districts will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Revenue and Pension Expense Recorded by the College
For the year ended June 30, 2016, the College recognized revenue and pension expense in an equal amount of $\$ 642,344.18$.

## 16. OTHER POST EMPLOYMENT BENEFITS

Early Retiree Health Insurance: The College sponsors a single-employer other postemployment benefit plan that provides medical, dental, and prescription drug benefits to qualifying retirees and their dependents. Employees, who qualify for pension benefits under the Kansas Public Employee Retirement System (KPERS) and are enrolled in the College's insurance benefits during the benefit plan year prior to retirement, are eligible for benefits. Under KPERS, a participant must be at least age 55 with at least 10 years of service or meet Rule of 85 (age + service $>=85$ ) at any age to be eligible. Also, a retiring employee who waives continuing participation in the College's health plan at the time of retirement is not eligible to participate at a later date. Employees who qualify for a total disability benefit under the KPERS Disability Benefits Program are eligible for benefits until they qualify for Medicare. Spouses may continue coverage upon retiree death or attainment of Medicare eligibility age under Cobra for up to 36 months not to exceed the spouse's own age 65.

Funding policy: The College establishes and amends contribution requirements. The current funding policy of the College is to fund benefits on a pay-as-you-go basis. This arrangement does not qualify as other post employment benefits (OPEB) plan assets under Governmental Accounting Standards Board (GASB) Statement No. 45 for current GASB reporting. Retirees, who either meet the Rule of 85 or are age 55 with 15 years of service upon retirement, pay premiums for medical coverage.

Annual OPEB cost and net OPEB obligation: The College's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities or funding excess) over a period not to exceed thirty years. The following table shows the components of the College's annual OPEB obligation.

| Annual Required Contribution | $\$$ | $242,211.00$ |
| :--- | ---: | ---: |
| Interest on Net OPEB Obligation | $45,239.00$ |  |
| Adjustment to Annual Required Contribution | $67,901.00$ |  |
| Annual OPEB Cost | $219,549.00$ |  |
| Net Contributions Made | $66,000.00$ |  |
| Increase in net OPEB Obligation | $153,549.00$ |  |
|  |  |  |
| Net OPEB Obligation - June 30, 2015 | $\underline{1,446,089.00}$ |  |
| Net OPEB Obligation - June 30, 2016 | $\underline{\$ 1,559,638.00}$ |  |

## 16. OTHER POST EMPLOYMENT BENEFITS (Continued)

The College's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2016 follows.

Funded Status and Funding Progress: As of July 1, 2014, the most recent actuarial valuation, the plan was zero percent funded. The College's actuarial accrued liability for benefits was $\$ 1,924,882$ and the actuarial value of assets is zero, resulting in an unfunded actuarial accrued liability (UAAL) of $\$ 1,924,882$. The results of the July 1, 2014 valuation were rolled forward to June 30, 2015. The actuarial accrued liability for benefits was $\$ 1,924,882$, and the actuarial value of assets is none, resulting in an unfunded actuarial accrued liability (UAAL) of $\$ 1,924,882$ as of June 30, 2015. The covered payroll (annual payroll of active employees covered by the plan) was $\$ 5,172,424$ and the ratio of the UAAL to the covered payroll was $37.2 \%$.

Actuarial Methods and Assumptions: Actuarial valuations for an ongoing Plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continuous revision as actual results are compared to past expectations and new estimates are made about the future. Although the valuation results are based on values the College's actuarial consultant believes are reasonable assumptions, the valuation result is only an estimate of what future costs may actually be and reflect a long-term perspective. Deviations in any of several factors, such as future interest rate discounts, medical cost inflation, Medicare coverage risk, and changes in marital status, could result in actual costs being greater or less than estimated. The required schedule of funding progress, presented as required supplementary information immediately following the notes to the financial statements, presents multiyear information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projection of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the initial actuarial valuation for the Plan as of July 1, 2014, the projected unit credit actuarial cost method was used. The actuarial assumptions included an $3.75 \%$ investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on Plan assets and on the College's own investments calculated based on the funded level of the Plan at the valuation date, and an annual healthcare cost trend rate of $7.0 \%$ initially, reduced by decrements to an ultimate rate of $5 \%$ after six years. The actuarial value of assets will be determined using fair value. The UAAL will be amortized over a 30 year open period in level dollar amounts.

## 16. OTHER POST EMPLOYMENT BENEFITS (Continued)

Health Insurance: Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

## 17. COMPENSATED ABSENCES

Full-time administrators earn vacation time according to the following schedule:
12-month contracts: 20 workdays per year
11-month contracts: 10 workdays per year
Less than 11-month contracts: no vacation time is earned
Vacation time can be accumulated until it reaches 1.5 times the scheduled time. In no case shall accumulated vacation exceed 30 workdays in one contract year.

Less than full-time administrators shall earn vacation on the schedule but prorated to the percentage the contract is of a full-time contract.

Full-time support staff personnel earn vacation hours based upon the following schedule:
0 to 6 years of service -80 hours annually
7 to 14 years of service -120 hours annually
15 and over years of service - 160 hours annually
Less than full-time support staff shall earn vacation on the schedule but prorated to the percentage of hours worked to 2,088 hours.

The provision for and accumulation of sick leave is based upon employment classification and years of service. Employees are not paid for accumulated sick leave upon termination.

The College accrues a liability for compensated absences which meet the following criteria:

1. The College's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

In accordance with the above criteria, the College has accrued a liability for vacation and not recorded a liability for sick leave which has been earned, but not taken, inasmuch as the amount cannot be reasonably.

## 18. CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the College expects such amounts, if any, to be immaterial.

## 19. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employee; employees' health and life; and natural disasters. The College manages these risks of loss through the purchase of insurance policies.

## 20. BOND ISSUANCE COST

Cost related to obtaining bond financing are capitalized and amortized over the term of the related debt using the straight-line method. Accumulated amortization at June 30, 2016 was $\$ 12,614.64$. When the loan is paid in full, any unamortized financing charges are removed from the related accounts and charged to operations.

## 21. CONCENTRATION OF RISK

Component Unit:
$39.52 \%$ of the Foundation's monies are invested in equities in the stock market. The effect in the future on the Foundation's equity portfolio is unknown and is subject to market economic conditions.

## 22. NON CASH CONTRIBUTIONS

## Component Unit:

The Foundation receives non cash contributions from College in the form of services and materials. Amounts contributed have been shown in contributions and reflected in the management and general expense in the amount of $\$ 126,136.24$ for contributions of time, supplies, and space that the College pays on the Foundation's behalf and qualifies under generally accepted accounting principles (GAAP) for the year ended June 30, 2016. The Foundation has also received non cash donations of items for the annual auction of $\$ 18,891.00$ that has been shown as contributions and reflected in fundraising expense in the financial statements for the year ended June 30, 2016.

## 23. RELATED PARTY TRANSACTIONS

The Foundation was formed to promote and foster the educational purposes of the Cloud County Community College, and to create a fund to be used for any program, project, or enterprise undertaken in the interest of the College. The Foundation acts largely as a fund raising organization, soliciting, receiving, managing and disbursing contributions on behalf of the College. Most of the contributions received are designated by the donors to be used for specific purposes or by specific departments. In these instances, the Foundation serves essentially as a conduit. Contributions that are not designated are used where the need is considered greatest, as determined by the Foundation's board of directors. The Foundation disbursed to the College for scholarships for the year ended June 30, 2016, \$306,670.00. The Foundation disbursed on behalf of the College through its activity funds for the year ended June 30, 2016, $\$ 128,128.86$. The College disbursed on behalf of the Foundation donated services and facilities, as discussed in footnote 22, for the year ended June 30, 2016, \$126,136.24.

## 24. INTERFUND TRANSFERS

Operating transfers were as follows:

| From Fund: |
| :--- |
| Bookstore |
| Housing |
| General |
| General |
| General |
|  |
| General |

| To Fund: |  |  | Reason |  |
| :--- | :--- | :--- | :--- | ---: |
|  |  | Amount |  |  |
| Revenue Bonds |  | $72,159.45$ |  |  |
| Revenue Bonds Service |  | Debt Service |  | $255,838.05$ |
| Federal Work Study |  | Operating Expenses | $23,452.07$ |  |
| Capital Outlay |  | Insurance Deductible |  | $25,000.00$ |
| Carl Perkins Program |  |  |  |  |
| Improvement Grant |  | Operating Expenses |  | 157.46 |
| Adult Education |  | Operating Expenses |  | 652.42 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenue collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

## 25. SEGMENT INFORMATION

A segment is an identifiable activity reported as a stand alone entity for which one or more revenue bonds are outstanding. A segment has a specific identifiable revenue stream pledged in support of revenue bonds and has related expenses, gains, losses, assets, and liabilities that are required by an external party to be accounted for separately. The Auxiliary Enterprise Housing Fund qualifies as a segment and is as follows:

Schedule of Revenues, Expenditures, and Changes in Unencumbered Cash - Budget and Actual

For the Year Ended June 30, 2016

Schedules 4 to 10 are prepared in accordance with Kansas cash basis and budget laws (Budget Basis), which differs from generally accepted accounting principles (GAAP Basis). Cash receipts are recognized when the cash balance of a fund in increased. For an interfund transaction, a cash receipt is recorded in the fund receiving the cash from another fund. Cash disbursements are recognized when the cash balance of a fund is decreased. For an interfund transaction, a cash disbursement is recorded in the fund in which the cash is transferred. Expenditures include cash disbursements, transfers, accounts payable and encumbrances - that is, commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS 

Board of Trustees<br>Cloud County Community College<br>Concordia, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Cloud County Community College, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Cloud County Community College's basic financial statements, and have issued our report thereon dated December 12, 2016.

## Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cloud County Community College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cloud County Community College's internal control. Accordingly, we do not express an opinion on the effectiveness of Cloud County Community College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cloud County Community College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE 

Board of Trustees
Cloud County Community College
Concordia, Kansas

## Report on Compliance for Each Major Federal Program

We have audited Cloud County Community College's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Cloud County Community College's major federal programs for the year ended June 30, 2016. Cloud County Community College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

## Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Cloud County Community College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cloud County Community College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination Cloud County Community College's compliance.

## Opinion on Each Major Federal Program

In our opinion, Cloud County Community College, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

## Report on Internal Control over Compliance

Management of Cloud County Community College, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Cloud County Community College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

Accordingly, we do not express an opinion on the effectiveness of Cloud County Community College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
