
TOPIC:	Policy Number:
International Student Health Insurance - Procedures	E7

All students on an F1 Visa are required to have proof of international student health insurance. Cloud County Community College has selected International Student Insurance (ISI) to provide the policies. F1 students must purchase the health insurance prior to attending classes or College activities. Minimum coverage requirements must be maintained based on the student type (student-athlete or non student-athlete).

Each student is responsible to establish a relationship with ISI in order to purchase the required coverage. This may be done by accessing the customized ISI link on the Cloud County Community College website.

Student-Athlete

Student-Athletes are required to purchase insurance per semester. The minimum level of coverage is the Budget Plan with a Sports Rider and must be paid in full at the time of purchase for each semester.

Non Student-Athlete

Non Student-Athletes are required to purchase insurance per semester. The minimum level of coverage is the Smart Plan. If a non student-athlete wants to participate in intramural activities, the minimum level of coverage is the Budget Plan with a Sports Rider. The policy must be paid in full at the time of purchase for each semester.

Coverage Period

Coverage for each semester must start by the first (1st) day of the month in which the semester starts or the start of college related activities, whichever is earlier. Coverage cannot end sooner than the end of the semester or the day the student leaves the country whichever is later. If a student does not return home between semesters, they must maintain coverage. In general, coverage should comply with the date ranges below:

- Fall Semester: August 1- January 1 (5 months)
- Spring Semester: January 1 - June 1 (5 months)
- Summer Semester: June 1 - August 1 (2 months)

Proof of Insurance

Once the student purchases health insurance coverage from ISI, it is the responsibility of the student to inform Cloud County Community College of coverage via confirmation from ISI. Proof of insurance must be provided by the student no later than one day prior to the start of coverage or a late fee will be applied to the student's account.

If the student does not purchase the minimum level of coverage through ISI the student will not be allowed to attend class, participate in extracurricular activities or participate in sports. Refer to Policy E2 for other admission requirements for international students.

The Principal Designated School Official (PDSO) and/or Designated School Official(s) (DSO) will determine whether the student has adequate insurance before they are allowed to enroll or participate in College activities.

Late Fee

Failure to purchase adequate insurance that meets the minimum coverage level and/or failure to provide timely proof of coverage will result in a late fee of \$75 (USD) being assessed to the student's account
