Information Technology Technician

Cloud County Community College seeks an IT Technician. This position is responsible for providing technical support for faculty, staff, and students of the college. Associate degree required in computer science or a related field, bachelor's degree preferred, with excellent communication skills. Basic computer software knowledge (Windows 10, 11, and MS Office, as well as OSX) and basic hardware knowledge is required. Knowledge of network topologies, server infrastructure, and MS management software such as Hyper-V, MECM, Powershell, and SQL is preferred.

This is a full-time, 12-month, KPERS covered, position with a benefit package.

Email a letter of application, resume, and the names and phone numbers of five current references, to cwilson@cloud.edu or send to the Office of Human Resources, Cloud County Community College, P.O. Box 1002, Concordia, Kansas 66901.
