Associate of Applied Science

## Associate Degree in Nursing: Generic Traditional Option

The ADN program at Cloud County Community College prepares the graduates to practice as registered nurses upon successful completion of the National Council Licensure Examination (NCLEX-RN©). They are qualified to enter a professional position as a generalist in a variety of care settings with clients of all ages from diverse populations. Cloud County Community College nursing graduates are also prepared to continue studies at colleges or universities that offer bachelor's degrees in nursing.

This program is for students with no prior nursing license, with the ability and resources, whose career goal is registered nursing. Upon completion, graduates are awarded an Associate in Applied Science degree and are eligible to take the licensure examination for registered nurses, NCLEX-RN©.

## **Legal/Criminal Convictions**

Nursing programs in the state of Kansas are required to provide information to prospective students who may be subject to licensure denial under KSA 65-1120, and amendments thereto. The information must be provided before admission to the Nursing Program.

Professional Nurse Application Requirements

Admission to the Cloud County Community College Nursing Program does not guarantee eligibility to take the registered nurse licensure examination (NCLEX). The Kansas State Board of Nursing (KSBN) may deny a license to practice nursing as a registered professional nurse if the applicant has been guilty of a felony or guilty of a misdemeanor involving an illegal drug offense unless the applicant establishes sufficient rehabilitation to warrant the public trust. No license shall be granted to a person with a felony conviction for a crime against persons as specified in Article 34 of Chapter 21 of the Kansas Statutes Annotated and acts amendatory thereof or supplemental thereto. Also considered are patterns of practice and other behaviors exhibiting an apparent incapacity to practice nursing as described in 65-1120 in the Kansas Nurse Practice Act. All criminal history must be revealed to and will be evaluated by the KSBN before licensure is granted or denied.
