2023 Annual Security Report and Related Policies
Cloud County Community College
Campus Security Department

Forward

Campus security and safety are important issues in postsecondary education today. Providing students nationwide with a safe environment in which to learn and keeping students, parents and employees well informed about campus security are goals that have been voiced by many groups. These goals were advanced by the *Crime Awareness and Campus Security Act of 1990*. The U.S. Department of Education (ED) is committed to ensuring that postsecondary institutions are in full compliance with this act, and that the enforcement of the act remains a priority.

Compliance with this act, now known as the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*, or *Clery Act*, (1998) provides students and families, as higher education consumers, with the information they need to make informed decisions. Interested parties may access the purpose and requirements of this act on-line by going to the following website:
www.ed.gov/admins/lead/safety/campus.html.

In accordance with the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990 (amended 1998)*, Cloud County Community College prepares an Annual Security Report. This report includes general safety and security information, College policies related to investigation of incidents, selected crime statistics and other information of interest to students, faculty, staff, prospective students and prospective employees.

This report may be obtained via the Cloud County Community College web site (www.cloud.edu). Paper copies can also be obtained from the Human Resources office and the Auxiliary Services office.

Cloud County Community College is committed to maintaining a safe and secure campus for all students, faculty, staff and visitors who comprise our thriving and diverse community. This report is provided for the benefit of our community members, prospective students and prospective employees.

The Auxiliary Services Department, the Campus Security Department, the Residence Life department, and others work to implement and maintain security and safety initiatives. Partnerships with city and county law enforcement departments also play an important role in keeping Cloud County Community College campus safe.

We encourage you to review this report and contact us if you have any questions, comments or suggestions. This report is prepared for the College community by the Cloud County Community College Auxiliary Services Department (785-243-1435 x 342).

General Information

Under authority of the President of Cloud County Community College, the Campus Security Officer will coordinate each year the campus initiative to compile data, review policies and prepare the annual security report pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and other applicable laws and regulations. In addition to working with appropriate campus offices and individuals, the College will work with local law enforcement agencies to collect appropriate criminal statistical data for inclusion in the report. The College will produce a final report for publication via the Cloud County Community College web site, the Cloud County Community College Student handbook and paper copies as may be appropriate.

Notification of the availability of the report will be made to all currently enrolled students, faculty and staff members. Notification will be made to each individual by electronic means, text messaging, public notices, or via individual mailings. The final report will be available to all interested persons, including prospective students and prospective employees via the Cloud County Community College internet web site (<https://www.cloud.edu/about/campus-safety-security/>) by October 1st of each year. Paper copies of the report can be obtained at Human Resources office or from the Director of Auxiliary Services.

Requirements of the Clery Act

1. Policy Disclosure

Cloud County Community College is required to provide the campus community and the public with accurate statements of its current policies and practices regarding:

- Procedures for students and others to report criminal actions or other emergencies occurring on campus;
- Security of and access to campus facilities; and
- Campus security.

2. Records Collection and Retention

Cloud County Community College is required to keep campus records and to request records from law enforcement agencies.

- We keep records of crimes reported to campus security authorities.
- We must also make a reasonable good-faith effort to obtain certain crime statistics from appropriate law enforcement agencies to include in an annual security report and the Web-based report to ED.
- We are required to keep a daily crime log that must be open to public inspection.

3. Information Disclosure / Dissemination

We are required to provide campus community members with information necessary to make informed decisions about their safety, and disseminate information in several ways. We will:

- Provide a “timely warning” of any *Clery Act* crime that might represent an ongoing threat to the safety of students or employees;
- Provide access to our crime log in the Auxiliary Services office.
- Publish an annual security report and distribute it to all current students and employees, and inform prospective students and employees about the content and availability of the report;
- Inform the campus community where to obtain information about registered sex offenders; and
- Submit our institution’s annual crime statistics to the U.S. Department of Education through its Web-based data collection system.

The *Clery Act* requires institutions to disclose three general categories of crime statistics:

1. Types of Offenses:

Criminal Homicide, including:

- a) Murder and Non-Negligent Manslaughter; and**
- b) Negligent Manslaughter;**

Sex Offenses including:

- a) Forcible, and**
- b) Non-forcible;**

Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson.

2. Hate Crimes—Disclose whether any of the above- mentioned offenses, or any other crimes involving bodily injury, were hate crimes; and

3. Arrests and Referrals for Disciplinary Action for illegal weapons possession and violation of Drug and liquor laws.

Reportable Crimes - Definitions

Murder and Non-Negligent Manslaughter is defined as the willful (non-negligent) killing of one human being by another.

Negligent Manslaughter is defined as the killing of another person through gross negligence.

Sex Offenses—Forcible is defined as any sexual act directed against another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent. There are four types of forcible sex offenses:

- **Forcible Rape** is the carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes the forcible rape of both males and females.
- **Forcible Sodomy** is oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of

giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

• **Sexual Assault With an Object** is the use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

• **Forcible Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity. Forcible fondling includes "indecent liberties" and "child molesting."

Sex Offenses—Non-forcible are incidents of unlawful, non-forcible sexual intercourse. Only two types of offenses are included in this definition:

• **Incest** is non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

• **Statutory Rape** is non-forcible sexual intercourse with a person who is under the statutory age of consent. If force was used or threatened, or the victim was incapable of giving consent because of his/her youth, or temporary or permanent mental impairment, the offense should be classified as forcible rape, not statutory rape.

Domestic Violence-The term "domestic violence" includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the survivor, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated, and any person who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating Violence-The term "dating violence" includes violence committed by a person whom is or has been in a social relationship of a romantic or intimate nature with the survivor and where the existence of such relationship shall be determined based on a consideration of 1) the length of the relationship, 2) the type of relationship, and 3) the frequency of interaction between the persons involved in the relationship.

Stalking-when an individual engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional stress.

Robbery is the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary is the unlawful entry of a structure to commit a felony or a theft. The UCR classifies offenses locally known as Burglary (any degree); unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts at these offenses as Burglary.

Motor vehicle theft is the theft or attempted theft of a motor vehicle.

Arson is any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crime. An institution must include, by geographic location and by category of prejudice, any of the aforementioned offenses, and any other crime involving bodily injury reported to local police agencies or to a campus security authority, that manifests evidence that the victim was intentionally selected because of the perpetrator's bias.

Arrests or Disciplinary Referrals for Illegal Weapons Possession and Substance Law Violations

In addition to disclosing statistics for the aforementioned offenses, the Clery Act requires institutions to disclose both the number of arrests and the number of persons referred for disciplinary action for:

1. Illegal weapons possession;
2. Drug law violations; and
3. Liquor law violations.

Arrest for Clery Act purposes is defined as persons processed by arrest, citation or summons.

Referred for disciplinary action is defined as the referral of any person to any official who initiates a disciplinary action of which a record is kept and may result in the imposition of a sanction.

Illegal Weapons Possession is defined as the violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature. Include in this classification: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc., of silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and attempts to commit any of the above.

Drug Law Violations. This is defined as the violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance.

Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics—manufactured narcotics which can cause true addiction (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

Liquor Law Violations. This is defined as the violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness. Include in this classification: the manufacture, sale, transporting, furnishing, possessing, etc., of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating still; furnishing liquor to a minor or intemperate person; underage possession; using a vehicle for illegal transportation of liquor; drinking on train or public conveyance; and attempts to commit any of the above.

Responsible Security Authorities Identified

The Clery Act mandates that institutions must disclose statistics both for crimes reported to local police agencies and crimes reported to campus security authorities. The intent of including non-law enforcement personnel as campus security authorities is to acknowledge that many individuals and students in particular, are hesitant about reporting crimes to the police, but may be more inclined to report incidents to other campus-affiliated individuals.

The Clery Act regulations define a campus security authority as:

- A member of a campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.
- **An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.**

The function of a campus security authority is to report to the Campus Security Officer or to an official or office designated by the institution, those allegations of Clery Act crimes that he or she concludes are made in good faith. A campus security authority is not responsible for determining authoritatively whether a crime took place—that is the function of security personnel. (Addendum 2)

Certain individuals who have significant responsibility for student and campus activities are exempted from disclosing information:

- Pastoral counselor. A person, who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- Professional counselor. A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

Cloud County Community College Policy Statement – Disclosure of Crime Statistics

The Campus Security Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on the college's website. This report may be prepared in cooperation with the local law enforcement agencies surrounding our campus and the Department of Residence Life.

Campus crime, arrest and referral statistics include those reported to the Campus Security officer, designated campus officials (including but not limited to directors, deans, department heads, advisors to students/student organizations, athletic coaches, and academic advisors), and local law enforcement agencies. Kansas Statute requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at College Health Services) when they provide medical services to a person they know or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct.

Each year, an e-mail notification, a notice on the college website, and a text message is made to all college stakeholders that provide the web site to access this report. Copies of the report may also be obtained at the Auxiliary Services department or the Human Resources office.

Availability of Annual Security Report

Cloud County Community College Policy Statement – Availability of Annual Security Report

The Cloud County Community College Annual Security Report includes statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by the College; and on public property within, or immediately adjacent to and accessible from the campus. (Addendum 1) The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. You can obtain a copy of this report by contacting the Campus Security officer, the Director of Auxiliary Services, the Director of Human Resources, or by accessing the Cloud County Community College website located at: <https://www.cloud.edu/about/campus-safety-security/>

Timely Warnings

In order to keep the campus community informed about safety and security issues on an ongoing basis, the Clery Act mandates that an institution must alert the campus community of certain crimes in a manner that is timely and will aid in the prevention of similar crimes. These crimes must include all Clery Act crimes that are:

- Reported to campus security authorities or local police agencies; and
- Are considered by the institution to represent a serious or continuing threat to students and employees.

A 2008 amendment to the Clery Act directs that a timely warning be given to the campus community without delay of an incident that affects the safety of the campus community.

The warning should be issued as soon as the pertinent information is available because the intent of a timely warning is to alert the campus community of continuing threats especially concerning safety, thereby enabling community members to protect themselves.

Cloud County Community College Policy Statement – Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Vice President for Administrative Services, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued without delay through: the college’s emergency notification system. Depending on the particular circumstances of the situation, especially in all

situations that could pose an immediate threat to the community and individuals, the Vice President for Administrative Services may also post a notice on the campus web site at www.cloud.edu. In such instances, a copy of the notice is also posted in each residence life building. The website is immediately accessible via computer by all faculty, staff and students and outside individuals. Anyone with information warranting a timely warning should report the circumstances to the Vice President for Administrative Services (785-243-1435 x 202 or 940-300-4371), or in person at the Cloud County Community College business office.

Reporting Criminal Offenses

The act of reporting a criminal offense is necessary to ensure the protection and rights of victims, help bring about the resolution of the criminal offense, and to introduce the criminal offense to both review by campus authorities and law enforcement authorities. It is the responsibility of all College stakeholders to report any criminal offense they are aware of either as a victim, witness or receiver of information in a timely manner.

Campus Security incident reports indicating violation of College rules, regulations and policies by students are forwarded to the Vice President of Administrative Services for review and potential action. If prosecution is desired, crime reports are forwarded to the Cloud County Court system.

Voluntary Confidential Reporting

Cloud County Community College Policy Statement – Voluntary Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the Cloud County Community College System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Campus Security Officer, Director of Auxiliary Services or a designee can file a report on the details of the incident without revealing your identity. The purpose of a

confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the College can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential dangers. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the college.

Limited Voluntary Confidential Reporting

Cloud County Community College Policy Statement – Limited Voluntary Confidential Reporting

The Cloud County Community College Security Department and all local law enforcement agencies encourage anyone who is the victim or witness to any crime to promptly report the incident. Because police reports are public records under state law, law enforcement agencies cannot hold reports of crime in confidence.

Security and Access to Facilities

Cloud County Community College Policy Statement – Security and Access to Facilities

During business hours, the College (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all College facilities is by key or by admittance via the Campus Security Department or Residence Life staff.

Residence halls are accessed by individual key holders only.

If and when a problem area is identified that poses a compromise to the safety and security of College stakeholders, the Campus Security Department will meet with other College departments to identify the correct solution and resolve the problem.

Security officers work closely with the maintenance staff at Cloud County Community College to make sure security measures are in place. All doors and locks on the main building are checked nightly to insure they are in good working order. Security officers also communicate lighting needs in various areas on campus to maintenance staff.

Campus Security Department-

Cloud County Community College Policy Statement, Campus Security Department

Cloud County Community College security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at CCCC. CCCC security officers have the authority to issue parking tickets. Campus Security Officers have the authority to enforce College rules, regulations and policies on all college property and to investigate violations of them, and report the investigative findings to both authorized College officials and local Law Enforcement. Criminal incidents, in some cases, are referred to the local police/sheriff officers who have jurisdiction on the campus. College security officers do not have authority to make an arrest. The CCCC security department maintains a highly professional working relationship with the Concordia City Police and the Cloud County Sheriff's department. CCCC has an MOU with the Concordia Police Department, Junction City Police Department, Geary County Sheriff's Department and the Cloud County Sheriff's department. All crime victims and witnesses are strongly encouraged to immediately report the crime to the appropriate

law enforcement agency. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics. (Addendum 4 and 5)

Cloud County Community College Policy Statement Addressing Counselors for Confidential Reporting

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. Counselors are defined as:

Pastoral Counselor

An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Cloud County Community College Policy Statement – Sex Offenses

Reference policy E17.

Registered Sex Offenders on Campus

Upon release from prison, individuals convicted of sex crimes are required to register with law enforcement agencies (under laws referred to as “Megan’s Laws”). If registered sex offenders are enrolled at, or employed at a postsecondary institution, the offenders must also provide this information to the state. The information is then provided by the state to campus police departments or to other law enforcement authorities in the jurisdiction where the institution is located.

Cloud County Community College Policy Statement – Sexual Offender Registration

The Campus Sex Crimes Prevention Act (CSCPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSCPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act. The federal law requires state law enforcement agencies (in Kansas, it is the Kansas Bureau of Investigation) to provide Cloud County Community College with a list of registered sex offenders who have indicated that they are either enrolled, employed or carrying on a vocation at Cloud County Community College. This list is provided to the Vice President for Administrative Services.

Any faculty member, activity sponsor, Campus Security officer or the Coordinator of Residence Life who has a registered sex offender enrolled in his/her classes, residence halls, or activities will be notified by confidential mail. Those persons will not release this information to anyone. Should faculty members or activity sponsors have any questions about the student, he/she should contact the Vice President for Administrative Services.

A list of all registered sex offenders in Kansas is available from the Kansas Bureau of Investigation at: http://www.accesskansas.org/kbi/offender_registry/. Cloud County Community College is located in Cloud County.

The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders. This statement is provided in compliance with the Campus Sex Crimes Prevention Act of 2000 and the Kansas Offender Registration Act (KORA) of 2003, KSA 22-4902.

Racial, religious, national origin, age, and disability harassment:

Physical or verbal conduct relating to an individual's race, color, religion, national origin, age, and/or disability when the conduct:

- Has the purpose or effect of creating an intimidating, hostile, or offensive working or academic environment; or
- Has the purpose or effect of substantially or unreasonably interfering with an individual's work or academic performance; or
- Otherwise unlawfully and adversely affects an individual's employment or academic opportunities.

Procedure for Handling Complaint

Any person who believes they have been the victim of harassment or violence by a student, faculty member, staff member, administrator, or other College employee because of sex, sexual orientation, and/or gender identity, should report the conduct to any member of the College's Title IX Team (listed above)

Cloud County Community College has also classified most employees as Mandated Reporters of any knowledge they have that a member of the community is experiencing harassment, discrimination, and/or retaliation. As such those employees are required to report this knowledge to the Title IX coordinator.

Any person with knowledge or belief of conduct which may constitute harassment or violence toward a student, faculty member, staff member administrator, or other College employee because of that person's sex, sexual orientation, and/or gender identity should report the alleged conduct immediately to his or her supervisor or to the College Title IX Team.

Notice or complaints of discrimination, harassment, and/or retaliation may be made using any of the following options:16

- 1) File a report or Formal Complaint with, or give verbal notice to, the Title IX Coordinator or deputy/deputies/Officials with Authority. Such a report or Formal Complaint may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail, to the office listed for the Title IX Coordinator or any other official listed.
- 2) Anonymous reports are accepted but can give rise to a need to investigate to determine if the parties can be identified. If not, no further formal action is taken, though measures intended to protect the community may be enacted. Cloud County Community College tries to provide supportive measures to all Complainants, which may be impossible with an anonymous report that does not identify the Complainant. Because reporting carries no obligation to initiate a formal response, and because Cloud County Community College respects Complainant requests to dismiss complaints unless there is a compelling threat to health and/or safety, the Complainant is largely in control and should not fear a loss of confidentiality by making a report that allows Cloud County Community College to discuss and/or provide supportive measures.
- 3) Reports may also be directed to the Director of Human Resources, 785-243-1435 x 251 or cwilson@cloud.edu or the Director of the Geary County Campus, 785-238-8010 x 723 or jzaboktrsky@cloud.edu.

As used in this Policy (E17), the phrase "Formal Complaint" means a document or electronic submission (such as by electronic mail) which indicates that the Complainant is the person filing the complaint, and requests that Cloud County Community College investigate the allegations. If notice is submitted in a form that does not meet this standard, the Title IX Coordinator will contact the Complainant to ensure that it is filed correctly.

Cloud County Community College Policy Statement – Missing or Reported Missing Student

MISSING STUDENT POLICY AND PROCEDURE

The purpose of this policy is to establish procedures for the College's response to reports of a missing student, as required by the Higher Education Opportunity Act of 2008. This college policy applies to students who reside in college operated residence halls and apartments.

For purposes of this policy, a student may be considered to be a "missing student" if the person's absence is contrary to their usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include a reasonable/reliable report or suspicion that the missing student may be endangered. Examples include, but are not limited to, possible victim of foul play, expression of suicidal thoughts, alcohol or other drug abuse, a life-threatening situation, or recent contact with persons who may endanger the student's welfare.

I. Procedures for designation of emergency contact information

A. Students age 18 and above and emancipated minors:

- At the beginning of each fall semester, all Cloud County Community College students who will be residing in college owned residence life facilities will be notified of the opportunity to designate an individual or individuals to be contacted by the college no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student.

B. Students under the age of 18:

- In the event a student who is not emancipated is determined to be missing pursuant to the procedures set forth below, the college is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below.

II. Official notification procedures for missing students

A. Any individual who has information that a student may be missing must notify the Vice President of Student Services or the Coordinator of Residence Life as soon as possible.

B. The Residence Life Coordinator and/or Vice President of Student Services will work with campus offices, the reporting person(s), and the student's acquaintances to gather all essential information about the student (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the student's physical and mental well-being, an up-to-date photograph, class schedule, etc.). Appropriate campus staff will be notified to aid in the search for the student.

C. The campus staff will take steps to try to locate the missing student, including but not limited to the following:

- Call student's cell phone
- Send residence assistant, housing maintenance personnel, or housing coordinator to student's room
- Contact roommate(s)
- Look for student's car on campus
- Check student locator report for class schedule

- Access reports to determine the last time they used a meal card, library card, or fitness center
- Try to get student's work schedule
- Contact faculty regarding student's last date of attendance in class
- Call student's home number
- Request that Informational Technology Services check electronic logs to determine the student's last log into computer network systems

If the above actions are unsuccessful in locating the student or it is apparent immediately that the student may be endangered, the following personnel will meet to determine that the student is missing:

- Vice President for Administrative Services
- Vice President for Academic Affairs
- Vice President for Student Services
- Director of Auxiliary Services
- Coordinator of Residence Life
- Campus Security

D. No later than 24 hours after determining that a student is missing, the following will take place:

- The Vice President for Administrative Services will contact the appropriate local law enforcement agency to report the student as a missing person and the local law enforcement agency will take charge of the investigation. College personnel will assist external authorities with these investigations as requested.
- The Vice President for Academic Affairs, or designee, will notify the emergency contact (for students 18 and over) or the parent/guardian (for students under the age of 18) that the student is believed to be missing. For missing students who are 18 years of age or older, and did not designate an individual to be contacted, Vice President for Academic Affairs, or designee, will act in accordance with FERPA with regard to contacting a parent/guardian.

III. Campus communications about missing students

In cases involving missing persons, law enforcement personnel are trained to provide information to the media in a manner designed to elicit public assistance in the search for a missing person. Therefore, all communications regarding missing students will be handled by outside law enforcement authorities, who may consult with the College's Public Information Officer. All inquiries to the College regarding missing students shall be referred to the Public Information Officer. Any individual with information about the missing student shall be referred to the Vice President for Administrative Services, who shall refer such inquiries and information to law enforcement authorities.

Prior to providing the college community with any information about a missing student, the College's Public Information Officer shall consult with the Vice President for Administrative Services, local law enforcement authorities, and the Office of Residence Life to ensure that communications comply with FERPA guidelines and do not hinder the investigation.

EMERGENCY NOTIFICATION POLICY AND PROCEDURES

Cloud County Community College has developed the following procedures to facilitate notification and evacuation responses in an emergency:

Upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus, Cloud County Community College will immediately notify the campus community using the emergency notification system, website, college email, and paging system.

Cloud County Community College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

The emergency notification process involves the receipt of information, the verification of this information, and the evaluation of the information, which then sets into motion the following actions:

- Determination if the entire campus community, or just an affected portion, will receive the emergency alert notification.
- Compilation of the content of the emergency alert message
- Activation of the Cloud County Community College Alert Notification System.

The following individuals, at a minimum, will routinely be involved in making these determinations/decisions:

- Vice President for Administrative Services
- Campus Security Officer
- Public Information Officer
- Vice President for Academic Affairs
- Director of Auxiliary Services

The college will disseminate the emergency information using its Emergency Alert Notification System (text messages, emails, indoor paging announcements, and web page alert messages).

Cloud County Community College's Emergency Alert Notification System equipment is tested, at least annually to ensure it is working properly. At least once per calendar year the College will conduct a full activation of the Emergency Alert Notification System which will be advertised to the Campus community beforehand.

CLOUD COUNTY COMMUNITY COLLEGE
Campus Fire Safety Right-to-Know Act
2023 Annual Fire Safety Report

PURPOSE

This annual report is submitted to meet the federal requirements of the Campus Fire Safety Right-to-Know Act, an amendment to the Higher Education Opportunity Act. It includes information about campus fire safety policies and procedures as well as reported campus fire statistics.

A printed report is available by contacting the Director of Auxiliary Services at 785-243-1435 x342.

FUNCTION

The primary function of the Campus Security Department is to ensure the safety of students, staff, and faculty at Cloud County Community College and the continuity of the College's mission by establishing optimal fire safety and fire emergency programs.

POLICIES AND PROCEDURES

FIRE ALARMS AND EVACUATION

In the event of a fire, the most important thing is for you to evacuate the building safely. Make sure you familiarize yourself with the evacuation routes in your area.

Never assume that a fire alarm is a drill or false alarm. Remain calm and evacuate the facility. Evacuation is mandatory for all individuals when the fire alarm is sounding. Anyone who fails to evacuate may face disciplinary action. Remember to follow the instructions of the emergency responders. Do not re-enter the facility until authorized. If you have any information regarding the alarm, present that information immediately to the responding emergency personnel.

UPON DISCOVERY OF A FIRE

Report all fires and smoke to Emergency Services by dialing 911.

Fires that have been extinguished should also be reported to the Director of Auxiliary services so that an investigation may be conducted.

If you feel comfortable doing so, use a fire extinguisher to control or extinguish the fire while emergency personnel are in route to your location.

WHEN THE FIRE ALARM SOUNDS

Before opening any door, feel the surface. If it is HOT, do not open it. If it is not hot, brace yourself against the door, open it slightly, and if heat or heavy smoke are present, close the door and stay in your room. If there is a phone available, call 911 and report that you are trapped. Remain calm and give your

room number and building location.

Stuff towels, sheets, or similar materials under all doors leading into corridors. Stay close to the floor if smoke enters the room. If there is not a phone available, pound on the door to draw the attention of emergency personnel.

If conditions allow you to leave the room, close, but do not lock, the door and walk directly to the nearest exit and leave the building.

If you are away from your room when the alarm sounds, do not return to your room, but leave the building via the nearest exit.

Do not use elevators. If hallways and/or exit stairwells are not accessible because of heavy smoke, return to your room, closet door and follow the instructions given above.

Once you exit the facility, stand clear of the building and move toward the parking lot. Emergency apparatus may be maneuvering around the building, so use caution.

Follow directions of fire and police personnel and NEVER re-enter the building until they give permission to do so.

SPECIAL EVENT PROCEDURES

Cloud County Community College works diligently to ensure safety and compliance during events on campus. Security department personnel attend numerous events including athletic games, Cook Theatre events, and community meetings to ensure compliance with the NC Fire Code-specifically overcrowding, maintaining clear aisle and egress paths, and providing instant response in the event of fire alarm activation.

EMERGENCY RESPONSE

INCIDENT REPORTING AND RESPONSE

Students, staff, faculty and visitors must immediately report any fire or other emergency directly to Campus Security.

Likewise, if a member of the college community finds evidence of a fire that has been extinguished, and the person is not sure whether Campus security has already responded, the person should immediately notify Campus Security to investigate and document the incident.

Campus Security can be reached at 785-243-6646. We encourage students, staff and faculty to put this number into their cell phones in a speed dial entry.

CAMPUS SECURITY-FIRE EMERGENCY RESPONSE PLAN

Campus Security staff monitors emergency radios and responds to fire alarm and fire emergency situation calls on campus. The goal is to provide assistance to responding police and fire units in the early minutes of an emergency as needed to save lives and protect college assets. Staff members are trained to monitor radio traffic and read a fire alarm panel. Security staff will receive ongoing training on these procedures.

The major benefit of these procedures is that early arrival at an emergency can reduce human injury and minimize college losses. In many instances, the Campus Security staff provides initial vital information

before the arrival of emergency services (which can take 5-10 minutes) The staff works closely with the Concordia Police Department, Concordia Fire/EMS department, Junction City Fire/EMS and Junction City Police and has established a close collaboration with those groups.

TRAINING AND EDUCATION

FIRE DRILL TRAINING

Cloud County Community College's Security department conducts two housing fire drills per semester. The drills are coordinated by the RA's in each building and they conduct all aspects of the drills, including observation, evaluation and documentation. The standard procedures entail activating the fire alarm or going room to room with a verbal announcement.

All students and visitors must exit the building and move to the designated gathering area. RA and RL staff evaluates the performance and discuss ways to improve said evacuation.

CCCC Security conducts four fire drills per year in the Main buildings. The drills are coordinated by the Director of Auxiliary Services and are conducted in all aspects of the drill, including observation, evaluation and documentation. The standard procedure entails activating the fire alarm system.

All students, staff, faculty, and visitors must exit the building and move to the designated gathering areas. Red Pack holders are on site to help move people to the Thunder Heights parking lot and keep people out of the way of emergency response vehicles.

The office of Auxiliary Services maintains formal documentation of all campus fire drills and any fires reported on campus.

ADDITIONAL TRAINING INFORMATION

The Campus Security department provides fire safety information in the Residence Life student handbook and on the college webpage. Also, during Fire Safety Awareness Week, they provide various activities and educational opportunities to students and staff. The local fire department is on campus handing out information about fire safety and demonstrating fire equipment. They also provide training on the use of fire extinguishers. Campus Security is readily available to review and answer any questions or concerns.

ADVANCED EDUCATION FOR CAMPUS SECURITY

CCCC Campus Security operates on a limited budget. They do however take every opportunity to participate in free webinars on various topics such as Life Safety Code and Fire Alarm Code.

FIRE EXTINGUISHER TRAINING PROGRAM

The Director of Maintenance, Grounds and Transportation manages the fire extinguisher inspection program for the Main building on the Concordia campus. The Residence Life Maintenance Supervisor manages the fire extinguisher inspection program for the Residence Halls. The Custodial staff at the GCC manages the fire extinguisher inspection program for the Geary County Campus. Extinguishers are

inspected once a month.

CCCC provides fire extinguisher training once a year for staff, faculty and students in cooperation with the Concordia Fire Department. Documentation of training is on file in the Auxiliary Services Department.

DAMAGING OR TAMPERING WITH FIRE SAFETY EQUIPMENT

Relocating, removing, tampering with, or destroying smoke detectors or fire safety equipment is strictly prohibited. Damage and/or theft of fire equipment are punishable under Kansas state law as well as the CCCC student code of conduct and Residence Life Handbook.

Intentional false alarms, damage, theft, and misuse of fire detection, alarm and extinguishing equipment is punishable under the criminal law provision of the state of Kansas, statute 21-6207 and may result in the loss of housing privileges and/or action by the disciplinary system. In addition, residents will be charged for the fire damage and/or repair/replacement of equipment resulting from neglect or intentional actions.

If a resident or staff member notices any damage, missing, or malfunctioning equipment, they should immediately report the deficiency to the Residence Life Office or Campus Security.

PLANS FOR THE FUTURE

The fire alarm system in the main campus building needs to be upgraded. It is the hope of CCCC that when this is done, a notification system will be integrated as well. Grant funding is being sought and will continue to be a priority.

CURRENT STATUS OF PROGRAMS AND FUTURE PLANS

Fires are among the most common hazards on college campuses. Even when extensive fire prevention measures are in place, fire can strike anywhere, any time. According to the National Fire Protection Association, colleges and universities across the United States average more than 3,300 fires per year, most of which occur due to a general lack of knowledge about fire safety and prevention.

CCCC will continue to make fire safety awareness and emergency preparedness a top priority. However, it is everyone's responsibility to reduce fire hazards and keep Cloud County Community College as safe as possible from the threat of fire.

Current status of college-wide initiatives can be summarized below:

Emergency management: A Crisis Response Team is in place.

“Red Pack” holders and Area Coordinators: These are individuals who respond in case of an emergency.

They are trained in emergency procedures to ensure they know how to react properly in an emergency. Training is offered once each semester.

Emergency equipment is inspected annually and upgrades will be done as budget allows.

The college will be exploring options to install new cameras across the campus with a shared partnership with the Foundation at CCC. In addition, the college is looking to improve the enhanced notification system in the facility by adding emergency panic buttons, evacuation interface that uses text-to-speech, and alert beacons to increase emergency notifications.

The college has recently implemented new entrance procedures in an effort to provide a safe environment for students, faculty, and staff. Entrance doors to the facility have been designated and all other doors have been marked as exit only. It will enable our security team to better control access into the building.
